

# Poole and Christchurch Bays SMP2 Review

## Partnership:

- Local authorities, Environment Agency, County Councils
- Statutory consultees for SEA
- Other important stakeholders

## Time:

SMP2 sets policy for 3 time periods (epochs)

- 0 – 20 years
- 20 – 50 years
- 50 – 100 years

# Objectives:

1. SMP is a plan not direct policy

2. High level generic objectives:

- Contribute to a sustainable and integrated land use planning;
- Avoid damage to, and enhance the natural heritage;
- Support the cultural heritage;
- Reduce and minimise reliance on defence;
- Protect people's home from flooding and erosion;
- Protect opportunities for employment;
- Support adaptation by the local coastal communities;
- Maintain or enhance the high quality landscape.

08/02/2009

1. Maintaining the sustainable economic viability of key areas:

- Poole
- Bournemouth
- Christchurch
- Swanage

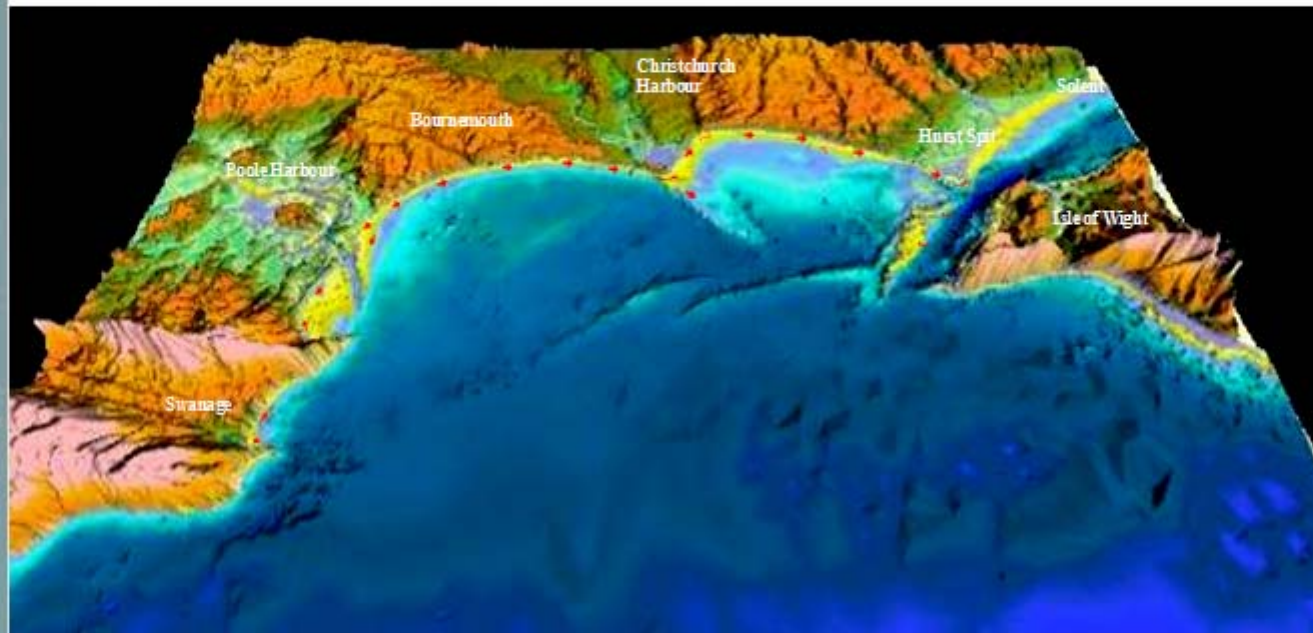

2. Protecting properties & people from flood and erosion risk

3. Maintaining exposure of the geologically designated cliff line

4. Ensuring avoidance of any net loss of species or habitats

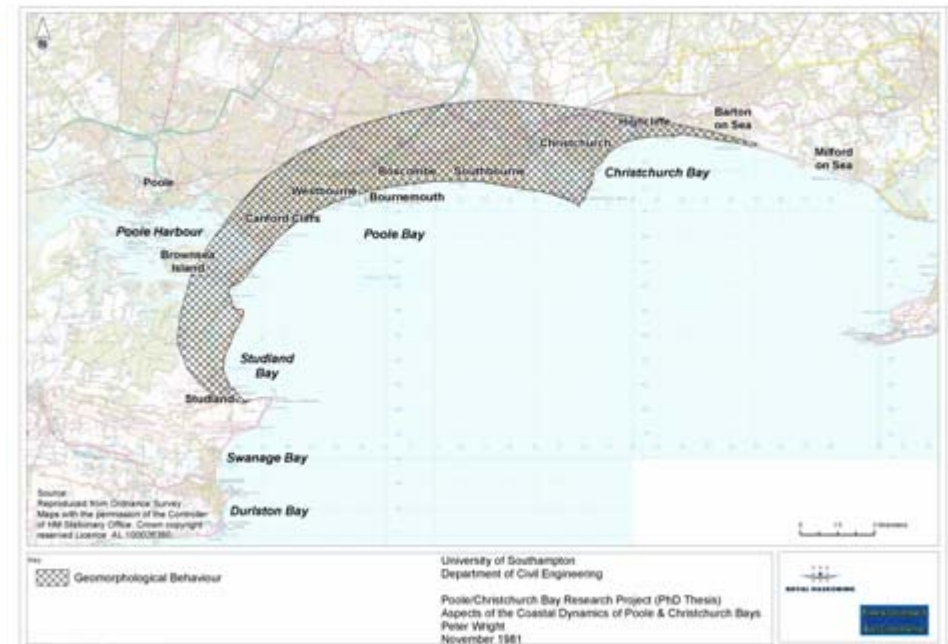

5. Reduce and minimising reliance on defence
